

School-Based Health

Dear Parent and/or Guardian,

Shenandoah Community Health (SCH) is pleased to partner with Berkeley County Schools to offer school-based health services in your child's school this year. This is an exciting opportunity to ensure access to healthcare and offer convenience for busy households because healthy kids make successful students!

Licensed healthcare providers will be available at the school during the days/times listed below to provide primary care services such as:

- Annual well child exams—including flu shots/vaccines, immunizations, sports physicals
- Diagnosis and treatment of chronic medical conditions
- Acute problems—including diagnosis and treatment of minor illnesses such as fever, sore throat, ear infection accidents/injuries

Our school-based health team will work in conjunction with your child's regular primary care provider (PCP), when applicable, to coordinate and enhance their overall care.

All students enrolled in the school-based health program are eligible to receive services regardless of insurance status. Shenandoah Community Health accepts most commercial insurance plans as well as Medicaid, Medicare and offers a sliding fee discount program for those who qualify; finances are never a barrier to care at SCH.

Parents are welcome to accompany their student for scheduled appointments during SBH hours. For unscheduled acute care visits, we will attempt to notify the parent if a student needs to be seen by a provider. If the parent cannot be reached, the student will be treated and given a note to take home explaining the visit. We encourage you to actively participate in your child's healthcare and are welcome to contact us anytime to discuss their care.

All parts of this enrollment packet must be completed, signed, and returned to the school or by mail to the address below before your child can receive services.
